

Package 'lydata'

September 17, 2024

Title Example Dataset for crossmeta Package

Version 1.30.0

Author Alex Pickering

Maintainer Alex Pickering <alexvpickering@gmail.com>

Description Raw data downloaded from GEO for the compound LY294002. Raw data is from multiple platforms from Affymetrix and Illumina. This data is used to illustrate the cross-platform meta-analysis of microarray data using the crossmeta package.
