

Package ‘NCIgraphData’

December 10, 2024

Title Data for the NCIgraph software package
Version 1.42.0
Created 2011-04-01
Author Laurent Jacob
Maintainer Laurent Jacob <laurent.jacob@gmail.com>
Description Provides pathways from the NCI Pathways Database as R graph objects
License GPL-3
LazyData yes
Depends R (>= 2.10.0)
Suggests Rgraphviz
biocViews NCI
git_url <https://git.bioconductor.org/packages/NCIgraphData>
git_branch RELEASE_3_20
git_last_commit 3210b7c
git_last_commit_date 2024-10-29
Repository Bioconductor 3.20
Date/Publication 2024-12-10

Contents

NCI.cyList	1
reactome.cyList	2

Index	3
--------------	----------

NCI.cyList	<i>Raw NCI networks from Nature curated pathways and BioCarta imported as graphNEL objects</i>
------------	------------------------------------------------------------------------------------------------

Description

A list of graphNEL objects read from Cytoscape using the CytoscapeRPC Cytoscape plugin in combination with the RCytoscape bioconductor package. This list contains 460 of the NCI-Nature curated and BioCarta imported pathways of the NCI PID.

Usage

```
NCI.cyList
```

Format

A list of 460 graphNEL objects.

Author(s)

Laurent Jacob

Examples

```
data("NCI-cyList")
length(NCI.cyList)

library(Rgraphviz)
plot(NCI.cyList[[1]])
```

```
reactome.cyList
```

Raw NCI networks from reactome as graphNEL objects

Description

A list of graphNEL objects read from Cytoscape using the CytoscapeRPC Cytoscape plugin in combination with the RCytoscape bioconductor package. This list contains 487 of the Reactome pathways of the NCI PID.

Usage

```
reactome.cyList
```

Format

A list of 460 graphNEL objects.

Author(s)

Laurent Jacob

Examples

```
data("reactome-cyList")
length(reactome.cyList)

library(Rgraphviz)
plot(reactome.cyList[[1]])
```
